Subject: Important Update Regarding Deductibles and Service Fees

Dear Niagara Dermatology Patients:

As we approach the upcoming year, I wanted to take a moment to inform you about an important aspect of your healthcare coverage: deductibles.

Deductibles serve as a fundamental component of your health plan. They represent the amount you're responsible for paying out of pocket before your insurance coverage begins. With the approaching reset of deductibles for the new year, I wanted to ensure you understand why there might be a fee due at the time of service.

At Niagara Dermatology, we believe in transparent and fair billing practices. The fee required at the time of your visit is aligned with the reset of deductibles. It serves as a deposit toward your medical services, ensuring continuity of care while maintaining clarity regarding your out-of-pocket expenses.

By paying this fee at the time of service, you're leveraging the benefits of your health plan. It allows us to expedite the processing of your insurance claims and ensures a smoother experience for you.

We understand that navigating deductibles and fees can sometimes be confusing. Should you have any questions, require clarification, or wish to discuss payment options, please do not hesitate to reach out to our office. We are here to provide guidance and support to ensure your healthcare journey remains as seamless as possible.

Thank you for entrusting us with your care. We look forward to continuing to serve you and meet your healthcare needs.

Warm regards,

Niagara Dermatology Associates, LLC
